

THE NEWEST RIDE ON THE STRIP

THE ULTIMATE FLYING RIDE

WHAT IS FLYOVER?

FlyOver is the ultimate flying ride that lets you experience the magical feeling of flight through immersive, state-of-the-art technology. Riders soar, dip and dive across awe-inspiring landscapes—all without leaving The Strip. Special effects, including wind, mist and scents, combined with the ride's moving platform create an unforgettable experience.

There are no AV goggles and we are not a helicopter ride. We are an interactive ride.

WHERE ARE YOU LOCATED?

FlyOver is located on the Las Vegas Strip, next to the Hard Rock Cafe and across the street from Park MGM.

FlyOver

THE ULTIMATE FLYING RIDE

WHAT ARE THE FILM FEATURES WE CAN CHOOSE TO EXPERIENCE?

WINDBORNE: CALL OF THE CANADIAN ROCKIES

Connect with the sights, sounds and spirit of the Canadian Rockies. FlyOver's latest flight ride transports you over iconic mountain scenery, from the legendary waters of Maligne Lake to the snowy heights of Mount Somervell.

WONDERS OF THE AMERICAN WEST

Experience the natural wonders of the American West. Glide over vast prairies and towering peaks. Dip into valleys where untamed rivers rush and buzz through electric urban spaces pulsing with energy. Locations include: Grand Canyon, Zion National Park, Monument Valley, Lake Tahoe, Mojave Desert, the iconic Las Vegas Strip and many more.

LEGENDARY ICELAND

Adventure to the land of fire and ice. Hang on to your seat and be swept away to explore volcanoes, glaciers, the history and legends as you soar across pristine Iceland. Legendary locations include: Breiðamerkurjökull Glacier, Mountains of Hörgársveit, Island of Elliðaey, Aldeyjarfoss Waterfalls, City of Reykjavík and more.

HOW LONG DOES THE FLYOVER EXPERIENCE LAST?

The entire experience lasts approximately 35 minutes. This includes the two preshow experiences by Moment Factory, the pre-flight briefing and the 8.5 minutes you'll spend on the Ultimate Flying Ride.

IS FLYOVER APPROPRIATE FOR ALL AGES?

Yes! Some of our most enthusiastic fans are seniors and young children. Children must be at least 40" tall in order to ride.

WHAT TIME SHOULD I ARRIVE AT FLYOVER FOR MY FLIGHT RIDE?

Please arrive at our location 15 minutes before your ticket time to allow for preboarding and the preshow experiences.

IS FLYOVER WHEELCHAIR ACCESSIBLE?

Yes! Please note that FlyOver is an amusement ride involving motion. Our guests who use wheelchairs may go on the Ultimate Flying Ride only if they are able to transfer from their wheelchair to the ride seat by themselves or with the assistance of a companion. Otherwise, they may enjoy the film from a stationary position on the ride

platform, accompanied by one of our Flight Guides. For safety reasons, in this situation, companions must go on the ride or wait off the ride platform. We ask that guests who will be arriving in wheelchairs please contact us in advance of their visit.

I HAVE SOME HEALTH CONCERNS, CAN I STILL RIDE?

While FlyOver is meant for all ages and the ride movement is gently thrilling, guests with the following conditions should not ride and ride at their own risk: Chronic back or neck pain, heart conditions, photosensitive epilepsy or conditions aggravated by visual stimuli such as flashing lights.

SHOULD I EXPERIENCE FLYOVER IF I AM AFRAID OF HEIGHTS AD/OR SUFFER FROM MOTION SICKNESS?

The FlyOver experience is a gentle ride. Guests sit in chair lift style seats and are elevated before a large, spherical screen. The visuals are enhanced by special effects, including wind and scents, to create the illusion of actually flying over the landscape. The experience is suitable for young children (must be 40" tall) and guests of all ages. Although most people do not experience any issues with the motion or the elevation—even those who, at times, experience such difficulties—a very small percentage of the public may find it uncomfortable. Therefore, if you are particularly susceptible to motion sickness or fear of heights, you may wish to consider refraining from participating.

I HAVE DIFFICULTY STANDING FOR LONG PERIODS OR CLIMBING STAIRS, WILL I BE OK?

The experience requires standing for between 20 and 30 minutes, and ascending and descending stairs. If you anticipate having difficulty with standing for 30 minutes, upon arriving at the attraction, please advise one of our Flight Guides, and they will accommodate you to the best of their ability, by providing a folding chair at certain points and minimizing the number of stairs you will have to climb, or will accompany you in our elevator.

AM I ABLE TO RIDE IF I AM PREGNANT?

Although FlyOver is a very gentle motion ride, we follow the industry guidelines and ask expectant mothers to refrain from taking the ride.

HOW MUCH ARE TICKETS?

Single Ride: \$36 Adult, \$26 Child (12 years and younger. Must be 40" or taller to ride) Effective as of 5/1/2022. Pricing is subject to change.
